

# Highlights from 2024

- We hosted our largest-ever Climate & Clean Energy Expo with 700+ attendees and a special appearance by Bill McKibben! (And honored Bill with our first non-local Smarty Pants award).
- Via our Footprint Fund, we connected donors Climate Ride & River City Roots Festival with Homeward to get solar back up and running at their Orchard Gardens affordable housing complex.
- Our Women's Clean Energy Workforce Coalition was recognized with 15 other cities at the Department of Labor in Washington, D.C.
- Trees for Missoula continues to rise to the occasion after the summer 2024 windstorm to support clean up, safety, tree care, and replanting.
- We collaborated with the County & City to release Missoula's first Extreme Heat Action Plan.

And we have so much planned for 2025 - please continue to connect with us!

## CLIMATE SMART MISSOULA STAFF

**Amy Cilimborg** Executive Director  
**Abby Huseth** Deputy Director
